

TRAILER LOCK

KBI-50S

DO35 Coupling Lock

FEATURES:

- **Heavy Duty Coupling Lock**
 - 18 mm Stainless Steel
 - Ultra Strong, 304 S/S Construction
 - Weather Resistant
 - Simple & Easy to Use with Push Button Lock

KEY REPLACEMENT:

Each lock comes with 3 keys and a flat coded key label with serial number (ie,123456) Keep this key label safe. You will need the number to re-order keys from KOVIX Australia if you have lost the key.

HOW TO LOCK:

- (1) Push Locking Pin through the middle of the DO35 Coupling
- (2) Place head onto the locking pin ensuring the DO35 Coupling's locking clip has been engaged
- (3) Push the push-button lock into place to activate the lock

HOW TO UNLOCK:

- (1) Using key supplied unlock the lock turning clockwise
- (2) Release the DO35 Coupling's locking clip and pull locking pin out of the coupling
